

## Summer Squirt Skills Clinic

Offered by the Prince William Hockey Club

In an ongoing effort to generate enthusiasm and a love for the sport of hockey among our younger future stars, PWHC is offering a Summer Squirt Skills Clinic. The clinic will consist of ten 50 minute sessions starting on June 17 and ending on August 19. Each session will start at 7:30 pm on Tuesday evenings. The sessions will immediately follow our Mite/mini-mite Skating Skills Clinic. The purpose of the Summer Squirt Skills Clinic is to reinforce individual skills such as skating, puck control, passing, and shooting. Professional instruction will be provided in a progressive manner within a fun filled and positive learning environment.

The clinic will introduce the necessary basic tools paramount to building a solid foundation for future more advanced skills. With summer vacation bestowing upon us, what better way to keep one's skills in tune and to facilitate the transition into the following regular fall/winter hockey season!

Sessions start: June 17, 2007 and run once a week for ten weeks  
Last session: August 19, 2007

Cost: \$185

USA Hockey membership and hockey equipment are required.
